Note: Attention is drawn to the rules of the Club governing boat owner membership, which requires that:

- All boats must pass a buoyancy test on first being brought to the Club and each season thereafter before sailing for the first time.
- All boats must carry a minimum Third Party Insurance cover of £3,000,000, which must be valid before the boat is brought onto Club premises.
- Before a member brings a dinghy to the Club, approval of the General Committee is required. This rule applies to boats already at the Club, which change hands
- A member of the General Committee must be informed as soon as a new boat is brought onto Club premises or a boat changes hands.
- Membership entitles registration of up to 2 boats per Membership (all boats sailed at the Club must be registered). Family Memberships may register further boats. This must be agreed and approved by the General Committee before any additional boats may be brought to the club, and each season thereafter before sailing for the first time.
